LENT COURSE

This year during Lent, we are inviting small groups to participate in a 6 week video based course from LICC called Life on the front line.

Our frontline is the place where we spend much of your time, where we meet people who don't know Jesus. It's the place God has called us, the place of possibility and potential. The course combines a short video, discussion material, Bible teaching, and real-life stories of people who live their lives for Christ on their frontlines.

You may wish to consider joining a small group just for Lent, or join a new group just for Lent! If so, please sign up at the back of church or speak to Gary for more information.

HAS SCIENCE KILLED GOD

On Wednesday 13th March, 7.30pm at St Peter's House, Oxford Road, Manchester M13 9GH there is a free public talk.

Does science contradict and undermine faith? Must Christians choose between one or the other? Or is the relationship between the two actually something much more exciting? Come and explore these questions and more at a free public talk to be given by Dr Denis Alexander from the Faraday Institute for Science and Religion, Cambridge. Organised in partnership with the local branch of Christians in Science.

Contact Gavin Merrifield for more information g.d.merrifield@gmail.com
